How could you not want to join us?

It is hard setting up and running a business. Often the nitty gritty of the business can get in the way of developing an excellent customer service.

Having the lesson plans alone will save you hours of work. These lesson plans have been developed over many years and are available for puppy classes and fresh start classes (puppy class for older pups and dogs needing basic training). You also get the plans to cover your behaviour classes through from bronze to titanium awards, pet gundog classes from grade 1 – 5 and fun agility.

Under the license you can leave at any time. The fees are annual but there is no tie in to continue for any given period of time.
