Smelly treats are often the key but so many liver cake recipes have garlic in them, which is not good for dogs. Here is a garlic free recipe.

### Liver Cake

#### Ingredients

1lb (450g) lamb, pig or ox liver  
1lb (450g) self-raising flour  
3 eggs  
Water

#### Method

1. Crack the eggs into a measuring jug - Add an equal volume of water to the measuring jug and whisk.
2. Blend the liver in a food processor.
3. Add the egg mixture and flour and mix to a sponge mixture consistency. (Add more water in small amounts if needed)
4. Empty contents into a greased/lined baking tray.
5. Bake at 180 degrees (or 350F) for 35 – 45 minutes.
6. Allow to cool then divide into pieces and freeze.
